

# Laguna

Cost effective shower chairs for multi-user environments and community equipment stores.

A range of mobile shower and commode chairs that offer exceptional comfort and function with standard features that are normally found only on higher spec chairs.

A blue shopping bag icon with the text '150kg MAX USER WEIGHT' inside.

Laguna is an ideal chair for multi-user environments or for community equipment stores looking for a dependable shower/toilet chair range to meet budget requirements.

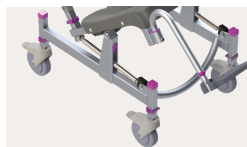

There are three Laguna models; an Attendant Propel (AP); the Self Propel (SP) for more independent patients and an Attendant Tilt (AT) for when higher levels of support are required.

Laguna is easily adjustable without the need for tools (excluding SP) and is made from a corrosion-resistant aluminium frame which is durable and easy to clean.

A variety of accessories are available for all models and with standard adjustments, the Laguna is designed to suit most environments and client needs.

## Features

Corrosion-resistant frame with tool-free height adjustment
